Grow

What we believe.

We believe that since every person is created in the image of God, human sexuality needs to reflect that image. God's plan for human sexuality is that it is to be expressed only in a monogamous lifelong relationship between one man and one woman within the framework of marriage. Marriage is the only relationship which is divinely designed for the birth and rearing of children. It needs to be a covenant union made in the sight of God, and it takes priority over every other human relationship. In God's Word the marriage relationship is the supreme metaphor for His relationship with His covenant people. God wants it to be a picture of intimate love, communication, fellowship, fulfillment, and subordination of the self to the larger whole.
